

Pindan employee Simon Greenlaw was construction manager on the Parliament Place project.

# Double win for Pindan

EXPERTISE in building West Perth's Parliament Place won construction company Pindan a Masters Builders Association of WA award earlier this month.

The WA firm won two awards at the Excellence in Construction

Awards ceremony held at Perth Convention Centre on Saturday, July 5.

Their work on the \$13 million four-level office building resulted in a Certificate of Excellence in the Best Commercial or Industrial

Building category. The company then went on to pick up a second award, Best Lifestyle Housing for Seniors (for projects more than \$1 million). The award acknowledged its work on the Woodlake Aged Care facility in Kingsley.

Pindan construction director Andy Peppercorn said wrapping up the Parliament Place project in just over a year had proved "a fantastic result" because at that stage commercial vacancy rates in the area were at record lows.
